3. A model for the official report shall be established by ministerial order.
4. If the election is to a municipal council or the council of a province which forms a single electoral district, the official report shall form part of the official report referred to in section P 22.

Section O 4

1. The principal electoral committee shall immediately make the official report publicly available by electronic means. An internet address may be designated for this purpose by ministerial order.

Section O 5

1. 2. The assembly for which the election has been held shall keep the official reports of the electoral committees for three months after a decision has been taken on the admission of those elected. It shall then destroy these documents immediately. An official report shall be drawn up of the documents' destruction.

Section O 6

Further rules governing the task of the principal electoral committee in determining the election result may be made by order in council.

CHAPTER P. Determination of the election result by the central electoral committee

§ 1. General provision

Section P 1

Immediately after receiving the official reports of all principal electoral committees, the central electoral committee shall begin the work of determining and announcing the result of the election. If the election is to a municipal council or the council of a province which forms a single electoral district, the central electoral committee shall do so immediately after the procedures referred to in sections O 1 and O 2 have been completed.

Section P 1a [Entry into force on 1 July 2014]

1. If the central electoral committee uses software to calculate the election result or the allocation of seats, it shall publicly disclose what software it uses by electronic means.

2. Further rules concerning the disclosure of information about the software shall be laid down by or pursuant to order in council. The conditions under which the central electoral committee may use software to calculate the election result or the allocation of seats and the requirements to be met by such software shall also be stipulated.

Section P 2

1. A set of identical lists as referred to in section H 11, subsection 1 shall be treated as a single list for the purposes of determining the election result.

2. The central electoral committee shall add up the total votes for these identical lists and the numbers of votes cast for each candidate.

§ 2. The allocation of seats

Section P 3

A group of lists as referred to in section H 11, subsection 2 shall, for the purposes of determining the number of seats to be allocated to it, be treated as a single list with a total vote equal to the sum of the total votes cast for the lists comprising the group.

Section P 4

1. A combined list as referred to in section I 10 shall, for the purposes of determining the number of seats to be allocated to it, be treated as a single list with a total vote equal to the sum of the total votes cast for the lists comprising the combination.

2. A combined list shall be taken into account only if at least two of the lists merged would have been allocated a seat if no combined list had been formed. Merged lists which would not have been awarded a seat individually shall not be deemed to form part of the combined list.

Section P 5

1. The central electoral committee shall divide the sum of the total votes cast for all the lists by the number of seats to be allocated.

2. The quotient thus obtained shall be known as the electoral quota.

Section P 6

A seat shall be awarded to a list as many times as the total vote for that list contains the electoral quota.

Section P 7

1. If the number of seats to be allocated is nineteen or more, the remaining seats, known as residual seats, shall be awarded sequentially to the lists which, after the award of the seat, have the highest

average number of votes per seat awarded. If averages are the same, the matter shall be decided by lot.

2. If the election is to the House of Representatives, lists with a total vote lower than the electoral quota shall not be eligible for seats awarded in this way.

Section P 8

1. If the number of seats to be allocated is fewer than nineteen, the residual seats shall be awarded sequentially to the lists whose total votes have the largest remainder when divided by the electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the smallest remainder. If remainders are the same, the matter shall be decided by lot.

2. Lists with a total vote lower than 75% of the electoral quota shall not be eligible for seats awarded in this way.

3. If all the eligible lists have received a residual seat and there are still seats to be allocated, these seats shall be awarded in accordance with the system of the highest averages as referred to in section P 7, subsection 1, provided always that no more than one seat may be awarded in this way to any of the lists.

Section P 9

If a list which has obtained an absolute majority of the valid votes cast has been awarded a number of seats which is smaller than the absolute majority of the number of seats to be awarded, the list in question shall be awarded one additional seat. One seat awarded to the list which obtained a seat for the lowest average or the smallest remainder shall therefore be withheld. If two or more lists obtained a seat for an equally low average or an equally low remainder, the matter shall be decided by lot.

Section P 10

If as a result of the application of the previous provisions a list would be awarded more seats than it has candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one or more of the other lists containing candidates to whom no seat has been awarded.

Section P 11

1. The division of the seats awarded to a combined list among the lists which have been combined shall be effected as follows.

2. The central electoral committee shall divide the total vote cast for the combined list by the number of seats awarded to the combined list.

3. The quotient thus obtained shall be known as the combination electoral quota.

4. A seat awarded to the combined list shall be awarded to each of the lists comprising the combination as many times as the total vote cast for the relevant list contains the combination electoral quota.

5. The residual seats shall be awarded sequentially to the lists in the combination whose total votes have the highest remainder when divided by the combination electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest remainder. If remainders are the same, the matter shall be decided by lot.

Section P 12

1. The division of the seats awarded to a group of lists among the lists which comprise the group shall be effected as follows.

2. The central electoral committee shall divide the total vote cast for the group of lists by the number of seats awarded to the group.

3. The quotient thus obtained shall be known as the group electoral quota.

4. A seat awarded to the group shall be awarded to each of the lists comprising the group as many times as the total vote for the relevant list contains the group electoral quota.

5. The residual seats shall be awarded sequentially to the lists of the group whose total votes have the highest remainder when divided by the group electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest remainder. If remainders are the same, the matter shall be decided by lot.

Section P 13

1. If the application of section P 11 or section P 12 would result in the award of more seats to a list than there are candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one of the other lists in the combination or group containing candidates to whom no seat has been awarded.

2. If there are still seats to be awarded after subsection 1 has been applied, they shall be awarded in accordance with the system of the highest averages as referred to in section P 7, subsection 1.

Section P 14

The drawing of lots referred to in the previous sections shall take place at the meeting of the central electoral committee referred to in section P 20.

§ 3. Award of seats to the candidates

Section P 15

1. Candidates who have obtained a number of votes exceeding 25% of the electoral quota on the joint lists on which they appear shall be elected in the order of the number of votes cast for them, provided sufficient seats have been awarded to the group of lists or the list not forming part of a group of lists. If the numbers are the same, the matter shall if necessary be decided by lot.

2. If the number of seats to be allocated is lower than nineteen, half rather than 25% of the electoral quota shall be taken into account when applying subsection 1.

Section P 16

1. If, in the case of a group of lists, a candidate elected in this way appears on more than one list, he shall be deemed to have been elected for the list on which he has obtained the highest number of votes, in so far as sufficient seats have been awarded to that list. If the numbers are the same, he shall be deemed to have been elected for the list for the electoral district with the lowest number.

2. If sufficient seats have not been awarded to any of the lists on which the elected candidate appears, he shall nonetheless be awarded a seat in respect of the list on which he has obtained the highest number of votes. The seat which was awarded last in accordance with section P 12 or P 13 to one of the lists of the group shall therefore be withheld.

Section P 17

Seats awarded to lists which do or do not form part of a group of lists, which have not been awarded to a candidate after sections P 15 and P 16 have been applied, shall be awarded to the as yet unelected candidates on the relevant lists in the order in which they appear on the list.

Section P 18

1. If, pursuant to section P 17, a candidate has been declared elected on more than one list of a group of lists, he shall be deemed to have been elected on the list on which the largest number of votes were cast for him. If the numbers are the same, he shall be deemed to have been elected on the list submitted for the electoral district with the lowest number.

2. The seats awarded to a list which have not yet been allocated to a candidate after subsection 1 has been applied shall be awarded to the as yet unelected candidates on the relevant list in the order in which they appear on the list.

3. If, once subsection 2 has been applied, a candidate has again been elected on more than one list, the procedure referred to in subsections 1 and 2 shall be repeated until all the seats awarded to the lists have been allocated to candidates.

Section P 18a [Repealed on 1 December 2008]

Section P 19

1. The central electoral committee shall arrange the candidates appearing on each list in the order in which they have been awarded the seats, with at the top the candidates to whom a seat has been awarded pursuant to section P 15.

2. These shall be followed, in the order of the number of votes cast for them, by the candidates appearing on the list who have obtained more than 25% or half of the electoral quota on the joint lists on which they appear but who have not been declared elected in accordance with section P 15, subsection 1 or 2. If the numbers are equal, the matter shall be decided by the order in which they appear on the list.

3. Finally, the other candidates appearing on the list shall be arranged in the order of the list.

4. Section P 18 does not apply to the arrangement of the candidates in order.

5. Except in an election to a municipal council with fewer than thirteen members, this need not be done in respect of lists for which no candidates have been declared elected and which do not form part of a combined list or group of lists to which one or more seats have been awarded.

Section P 19a

If a candidate has died, he shall not be considered for the purposes of this division.

§ 4. Publication of the election result

Section P 20

1. The central electoral committee shall determine the result of the election as quickly as possible. It shall also determine:

- a. the number of blank votes;
 - b. the number of invalid votes;
 - c. the number of votes cast by proxy; and
 - d. the difference between the number of voters allowed to vote and the number of votes counted.
- Where possible, the central electoral committee shall provide an explanation of this difference.

2. The result shall be determined and announced at a public meeting of the central electoral committee. The time and date of the meeting shall be announced in good time by the chairperson of the central electoral committee. The manner of the announcement shall be regulated by order in council.

3. The voters present may make verbal objections.

4. The chairperson of the central electoral committee is responsible for maintaining order during the meeting.

Section P 21

1. At the meeting referred to in section P 20, before the result of the election is announced, the central electoral committee may decide, either *ex proprio motu* or in response to a reasoned request from one or more voters, to conduct a recount of the ballot papers from all or from one or more polling stations if there are serious grounds for suspicion that errors in the count that might affect the allocation of seats have been made by one or more polling stations. The mayor who has the relevant ballot papers in his possession shall have them taken immediately to the central electoral committee at the latter's request.

2. On receipt of the ballot papers, the central electoral committee shall immediately start the recount. It shall be empowered to open the sealed packets and to compare the contents with the official reports of the electoral committees.

3. Sections N 5, N 8 and N 9 apply *mutatis mutandis* to this recount.

Section P 22

1. After all the procedures have been completed, an official report of them shall be drawn up immediately. The official report shall include the result of the election and all the objections made.

2. The official report shall be signed by all the members of the central electoral committee who are present.

3. A model for the official report shall be established by ministerial order.

Section P 23

The central electoral committee shall send a copy of the official report to the representative assembly to which the election was held.

Section P 25

1. The central electoral committee shall keep the packets referred to in section P 21, subsection 2 for three months after a decision has been taken on the admission of those elected. It shall then destroy these packets immediately, unless:

a. a public prosecutor or an examining magistrate has requested the surrender of the packets in connection with a criminal investigation, in which case they shall be destroyed after the investigation has been completed;

b. criminal proceedings have been instituted in connection with offences under the Elections Act, articles 125 to 129 of the Criminal Code, or articles 131 to 135 of the BES Criminal Code, in which case they shall be destroyed after a final and conclusive judgment has been given.

2. An official report shall be drawn up of the packets' destruction.

Section P 26

After a decision has been taken on the admission to the relevant representative assembly of the members elected, the central electoral committee is empowered to surrender to the public prosecutor, in the interests of the investigation of any criminal offence, the packets referred to in section P 21, subsection 2, the official report referred to in section P 22, and, unless the election is to a municipal council or the council of a province which forms a single electoral district, the official reports from the principal electoral committees.

4. The person who submitted the list may rectify the omission or omissions specified in the notification by presenting himself to the central electoral committee between 09.00 and 17.00 hours, no later than the third day after the meeting referred to in subsection 2.
5. If the person who submitted the list is absent or unable to be present, a person named on the list pursuant to section R 3 shall take his place.

Section S 2

1. No later than the tenth day after nomination day, the central electoral committee shall decide at a public meeting on the validity of the lists for each province for which they have been submitted and on whether the candidates appearing on the list and the appellation of a political grouping placed at the top of it can be allowed to stand.
2. The chairperson of the central electoral committee shall announce the date and time of the meeting in advance in the Government Gazette.

Section S 3

A list shall be invalid for a province if:

- a. it is not submitted in person to the central electoral committee between 09.00 and 17.00 hours on nomination day;
- b. it is not accompanied by a declaration by a member of the provincial council of the province in question as referred to in section R 2, subsection 1, disregarding declarations by a member of a provincial council who has signed more than one declaration;
- c. it does not comply with the model established by ministerial order;
- d. all the candidates have been struck off it pursuant to section S 4.

Section S 4

1. The central electoral committee shall strike off the list for a province, in the order indicated in this subsection, the name of a candidate:
 - a. who has not been described in accordance with the provisions of section R 6;
 - b. for whom no declaration of consent to the nomination for the province in question has been submitted;

 - e. in respect of whom an extract from the register of deaths or a copy of a death certificate has been submitted;
 - f. who appears on the list after the maximum number of names permitted.
2. The central electoral committee shall strike from the list for a province, in the order indicated in this subsection, the appellation of a political grouping, if:
 - a. there is no declaration as referred to in section R 7;
 - b. the appellation appears at the top of more than one of the lists submitted to the central electoral committee for the province in question.
3. If the appellation of a political grouping does not correspond with that under which it has been registered, the central electoral committee shall alter it *ex proprio motu* to make it so correspond.

Section S 5

1. Notwithstanding section 8:1 of the General Administrative Law Act, any interested party or any voter may apply for judicial review of a decision as referred to in section S 2.

2. Section I 7, subsection 1, second sentence, and subsections 2 to 4 apply *mutatis mutandis*.

3. The president of the Administrative Jurisdiction Division of the Council of State shall immediately notify the parties and the chairperson of the central electoral committee of the judgment.

Section S 6

1. If an application has been lodged for review of a decision by the central electoral committee declaring a list for a province invalid or striking off the name of a candidate or the appellation of a political grouping on the grounds of one or more of the omissions referred to in section S 1, subsection 3, without having first informed the person who submitted the list of the existence of such omissions in accordance with the provisions of that section, the latter may rectify the omission or omissions at the Council of State. Section S 1, subsection 5 applies *mutatis mutandis*.

2. If an omission has been rectified in accordance with subsection 1, the Administrative Jurisdiction Division of the Council of State shall take this into account in its judgment.

Section S 7

1. An official report shall be drawn up of the meetings referred to in sections S 1 and S 2.

2. Those present at the meeting referred to in section S 2 may make verbal objections. Mention of these objections shall be made in the report.

3. Model official reports shall be established by ministerial order.

§ 2. The numbering of the lists of candidates

Sections S 8 and S 9 [Repealed on 1 January 2011]

Section S 10

The central electoral committee shall number the lists of candidates at the meeting referred to in section S 2.

Section S 11

For numbering purposes, groups of lists and sets of identical lists not forming part of a group shall be treated as single lists.

Section S 12

1. The first lists to be numbered shall be those of political groupings whose appellation appeared at the top of a list of candidates to which one or more seats were allocated at the last election to the Senate. These lists shall be numbered from 1 onwards in the order of the total votes cast for the relevant lists at that election, provided always that the number 1 is given to the list of the grouping with the highest total vote. In the event of a tied vote, the matter shall be determined by lot.

2. Subsection 1 applies *mutatis mutandis* to cases in which the appellations of two or more groupings are combined if, at the last election to the Senate, one or more seats were allocated either to the combinations of groupings or to at least one of them. Where one or more seats were allocated to at least one of the groupings, the number of votes cast for the lists of the groupings to which the seats were allocated shall be added together for the purposes of subsection 1, second sentence.

3. The other lists shall then be numbered with the numbers following the last number given pursuant to subsection 1, in the order of the number of provinces to which the list applies, provided that the next number is assigned to the list that applies to the most provinces. Where the number of provinces is the same, the matter shall be decided by lot.

Section S 13

After a final decision has been taken on the validity of the lists submitted, the chairperson of the central electoral committee shall publish the lists no later than the seventh day before polling day by placing the lists, arranged by province, in the Government Gazette, stating their numbers and, where appropriate, the appellations of the political groupings.

Section S 14

A decision in review proceedings to declare a list of candidates invalid shall not affect the numbers given to the other lists of candidates.

§ 3. Concluding provision

Section S 15

The central electoral committee shall immediately destroy the lists of candidates submitted and the declarations of support after a decision has been taken on the admission of those elected. An official report shall be drawn up of their destruction.

CHAPTER T. Voting and the count

Section T 1

1. Voting shall take place on the thirty-fourth day after nomination day.

2. Voting shall take place at 15.00 hours (European Dutch time).

Section T 2

1. The lists of candidates for whom votes may be cast shall be printed on one side of the ballot paper used in the election, with the name of the province and the signature of the presiding officer of the provincial council on the other.

2. A model ballot paper shall be established by ministerial order.

3. The presiding officer shall ensure that the requisite number of ballot papers are available in the assembly before the start of voting.

Section T 3

The presiding officer shall appoint three members from those present in the assembly of the provincial council to form the electoral committee, with himself as chairperson.

Section T 4

1. A member of the provincial council shall vote by colouring red a white spot opposite the name of the candidate of his choice.

2. A member of the provincial council shall be permitted to vote by proxy at his request. A member wishing to exercise this right shall do so by notifying the presiding officer in writing before the start of the meeting of the provincial council at which voting will take place, designating a member of the provincial council who is prepared to act as proxy. A member of the provincial council may not accept more than one appointment as proxy. A model notification shall be established by ministerial order.

Section T 5

After casting his vote a member of the provincial council shall hand his folded ballot paper to the chairperson.

Section T 6

1. The chairperson shall announce how many ballot papers have been lodged.

2. The vote shall be invalid if this number exceeds the number of members present in the assembly, plus the number of members present who have been authorised to cast proxy votes.

3. In that case the chairperson shall destroy the ballot papers lodged and a new poll shall take place.

Section T 7

1. The chairperson shall open the ballot papers.
2. He shall then state the list and the candidate for which each ballot paper was cast. He shall also state whether the ballot paper bears a blank or invalid vote.
3. After one of the members of the electoral committee has checked the ballot paper, the two other members shall keep a note of each vote cast.

Section T 8

1. A blank vote is one cast on a ballot paper on which the voter has not coloured the white spot in the box entirely or partly red and has not written or drawn anything else.
2. An invalid vote is one cast on a ballot paper other than those which may be used in accordance with provisions laid down by or pursuant to this Act.
3. A vote which is not regarded as a blank vote but which has been cast by means of a ballot paper on which the voter has not indicated unequivocally for which candidate he has voted, by colouring the white spot in the box entirely or partly red, or a ballot paper to which additions have been made from which the voter can be identified shall also be invalid.

Section T 9

In the event of doubt about the validity of a ballot paper the assembly shall decide. In the event of a tied vote, the presiding officer shall decide.

Section T 10

1. Immediately after the votes have been counted, the chairperson shall announce in respect of each list both the number of votes cast for each candidate and the number of votes cast for the list as a whole. The latter figure shall be referred to as the total vote. He shall also announce the number of blank and invalid votes cast.
2. The ballot papers bearing blank votes and the ballot papers declared invalid shall subsequently be placed in packets, which shall then be sealed. On these packets shall be stated:
 - a. the name of the province;
 - b. the number of ballot papers contained in the packet.
3. The valid ballot papers, arranged by list, shall be placed in a packet, which shall then be sealed. On each packet shall be stated:
 - a. the name of the province;
 - b. the number of ballot papers contained in the packet.

Section T 11

1. After all the procedures referred to in section T 10 have been completed, an official report on the voting and the count shall be drawn up immediately.
2. The official report shall be signed by the chairperson and all the members of the electoral committee.
3. The official report, together with the sealed packets referred to in section T 10, shall be taken to the chairperson of the central electoral committee immediately after voting has ended. The latter shall immediately deposit copies of the official reports at the offices of the central electoral committee for public inspection.
4. A model for the official report shall be established by ministerial order.

CHAPTER U. Determination of the election result by the central electoral committee

§ 1. General provisions

Section U 1

Immediately after the official reports have been received, the central electoral committee shall begin the work of determining and announcing the result of the election.

Section U 2

1. Each vote shall count, according to the province where it has been cast, for a number of votes equal to the figure obtained by dividing the population of the province by a hundred times the number of members comprising the provincial council. The quotient is then rounded to a whole number, upwards if the fraction is 1/2 or more and downwards if the fraction is less than 1/2. This figure is known as the vote value.

2. The population of a province shall be taken to be the population published by Statistics Netherlands (CBS) in accordance with subsection 3 or 4.

3. For the purposes of implementing subsection 1, Statistics Netherlands shall publish in the Government Gazette the populations of the provinces for 1 January of the year in which the election is held no later than three weeks before nomination day.

4. If, in the case of dissolution of the Senate, the populations of the provinces for 1 January of the year in which the election takes place cannot be published three weeks before nomination day, the populations of the provinces for the first day of the fourth month before the month in which nomination day falls shall be published instead.

5. The central electoral committee shall determine the vote values in accordance with this section and shall publish them in the Government Gazette before polling day.

§ 2. The allocation of seats

Section U 3

For each province the central electoral committee shall multiply the number of votes cast for each candidate and the total vote cast for the lists by the vote value for that province. In order to determine the result of the election, the products thus obtained shall serve as the numbers of votes cast for each candidate or the total votes cast for the lists.

Section U 4

1. A set of identical lists as referred to in section R 10, subsection 1 shall be treated as a single list for the purpose of determining the result of the election.

2. The central electoral committee shall add up the total votes for these identical lists and the number of votes cast for each candidate.

Section U 5

A group of lists as referred to in section R 10, subsection 2 shall be treated, for the purpose of determining the number of seats to be allocated to it, as a single list with a total vote equal to the sum of the total votes of the lists comprising the group.

Section U 6 [Repealed on 1 January 2011]

Section U 7

1. The central electoral committee shall divide the sum of the total votes of all the lists by the number of seats to be allocated.

2. The quotient thus obtained shall be known as the electoral quota.

Section U 8

A seat shall be allocated to a list as many times as the total vote for that list contains the electoral quota.

Section U 9

The remaining seats, known as residual seats, shall be allocated sequentially to the lists which, after the seats have been allocated, have the highest average number of votes per seat allocated. If the averages are equal, the matter shall be decided by lot.

Section U 10

If, as a result of the application of the previous provisions, a list would be allocated more seats than it has candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one or more of the other lists containing candidates to whom no seat has been allocated.

Section U 11 [Repealed on 1 January 2011]

Section U 12

1. The allocation of the seats awarded to a group of lists among the lists which comprise the group shall be effected as follows.

2. The central electoral committee shall divide the total vote of the group of lists by the number of seats awarded to the group.

3. The quotient thus obtained shall be known as the group electoral quota.

4. A seat awarded to the group shall be awarded to each of the lists comprising the group as many times as the total vote of the relevant list contains the group electoral quota.

5. The residual seats shall be awarded sequentially to the lists of the group whose total votes have the highest remainder when divided by the group electoral quota. Lists which have no remainder shall be deemed for this purpose to be the lists with the lowest remainder. If the remainders are equal, the matter shall be decided by lot.

Section U 13

1. If the application of section U 12 would result in the award of more seats to a list than there are candidates, the remaining seat or seats shall pass, by the continued application of such provisions, to one of the other lists of the group containing candidates to whom no seat has been awarded.

2. If there are still seats to be awarded after subsection 1 has been applied, they shall be awarded in accordance with the system of the highest averages as referred to in section U 9.

Section U 14

The drawing of lots referred to in the previous sections shall take place at the meeting of the central electoral committee referred to in section U 16.

§ 3. Award of seats to the candidates

Section U 15

1. The candidates elected shall be those on the list designated for this purpose by applying sections P 15 to P 18 and section P 19a *mutatis mutandis*, provided that, notwithstanding section P 15, subsection 1, first sentence, the candidates elected shall be those who have obtained a number of votes greater than or equal to the electoral quota.

2. The candidates shall be arranged in order in accordance with the provisions of section P 19, subsections 1, 3 and 4, provided that the order does not apply in the case of lists on which no candidates have been declared elected and which do not form part of a group of lists to which one or more seats have been awarded.

§ 4. Publication of the election result

Section U 16

1. The central electoral committee shall determine the result of the election as quickly as possible. The result shall be determined and announced at a public meeting of the central electoral committee. Section P 20, subsections 2 to 4, and section P 22 apply.

2. The central electoral committee shall immediately make its official report publicly available by electronic means. An internet address may be designated for this purpose by ministerial order.

3. The chairperson of the central electoral committee shall send a copy of the official report to the Senate.

Section U 17

The central electoral committee may decide, either *ex proprio motu* or in response to a reasoned request from one or more members of a provincial council, to conduct a recount of the ballot papers from one or more provinces.

Section U 18

1. As soon as the result of the election has been determined, the opened packets shall be resealed, after all the ballot papers have been replaced in them.

2. The central electoral committee shall keep the sealed packets for three months after a decision has been taken on the admission of those elected. It shall then destroy the packets immediately. An official report shall be drawn up of their destruction.

PART IV. The commencement of and changes in membership of the House of Representatives and Senate of the States General and of provincial and municipal councils

CHAPTER V. The commencement of membership

§ 1. General provisions

Section V 1

1. The chairperson of the central electoral committee shall notify an appointee in writing of his appointment. The letter containing this notification shall be handed over, in return for a dated receipt, or sent by registered post no later than the day after the result of the election has been determined or after the declaration of appointment. The President of the House of Representatives or the Senate of the States General shall, within the said time limit, hand the letter, in return for a dated receipt, or send it by registered post to appointed members of the House of Representatives or the Senate of the States General. To this end the chairperson of the central electoral committee shall hand the letter to the President of the House of Representatives or the Senate of the States General immediately after the determination of the result or the declaration of appointment.

2. If the appointee has designated an agent, the letter shall be sent or handed to the agent.

3. The chairperson shall at the same time give written notice of the appointment to the representative assembly. This notice shall serve as the appointee's credentials.

Section V 2

1. The appointee shall ensure that the representative assembly receives a communication accepting the appointment from him or from the agent by letter no later than the tenth or, in the case of an appointment to fill a vacancy occurring after the first meeting of the newly elected assembly, the twenty-eighth day after the date of the notification of appointment.

2. If such a communication has not been received within this time limit, he shall be deemed not to have accepted the appointment.

3. The presiding officer of the representative assembly shall inform the chairperson of the central electoral committee without delay that the appointee has accepted the appointment or that he is deemed not to have accepted it.

4. If the appointee does not accept the appointment, he or his agent shall inform the chairperson of the central electoral committee accordingly by letter within the time limit referred to in subsection 1. The chairperson shall notify the representative assembly.

5. Until such time as a decision has been taken to admit the appointee, the latter or his agent may inform the representative assembly by letter that he has reconsidered his acceptance of the appointment. He shall then be deemed not to have accepted the appointment. The presiding officer of the representative assembly shall give immediate notice of receipt of this communication to the chairperson of the central electoral committee.

Section V 3

1. When stating that he accepts his appointment the appointee or his agent shall at the same time file with the representative assembly a declaration signed by him and disclosing all public offices held by the appointee.

2. Unless the appointee was already a member of the representative assembly at the time of his appointment, he shall also file an authenticated copy of data from the personal records database, showing his place of residence, his date and place of birth, and, in the case of an appointment to the House of Representatives, the Senate or a provincial council, his Dutch nationality.

3. The agent of an appointee who has his place of residence outside the Netherlands shall file, instead of the copy referred to subsection 2, an extract from the register of births showing the date and place of birth of the appointee and proof that the appointee has Dutch nationality.

4. If a person appointed as a member of a municipal council is not a national of a European Union member state, he shall file an authenticated copy of data from the personal records database, showing that he fulfils the requirements referred to in section 10, subsection 2 of the Municipalities Act.

Section V 4

1. The representative assembly for which the election has been held shall examine the credentials immediately and decide whether to admit the appointee as a member of the assembly. In doing so, it shall ascertain that the appointee fulfils the requirements for membership and holds no position incompatible with membership, and shall settle any disputes which arise in connection with the credentials or the election itself. If the appointee will have reached the requisite age for membership before the first meeting of the newly elected assembly, account will be taken of this in reaching the decision. The examination of the credentials of members of the House of Representatives or Senate shall be regulated in the rules of procedure of the relevant House.

2. The examination of the credentials shall not extend to the validity of the lists of candidates or the combinations of lists.

3. In the case of the admission of a person appointed to fill a casual vacancy, the examination shall not extend to points involving the conduct of the election or the determination of the result.

4. For the purposes of the examination referred to in subsection 1, the representative assembly may decide on a recount of the ballot papers from all or from one or more polling stations or provinces. The mayor or the central electoral committee, in so far as they have the relevant ballot papers in their possession, or the chairperson of the central electoral committee for an election to the Senate shall have them taken immediately to the representative assembly at its request. The representative assembly shall start the recount immediately after receiving the ballot papers. To this end it shall be empowered to open the sealed packets and to compare the contents with the official reports of the electoral committees. Sections N 5, N 8 and N 9 apply *mutatis mutandis* to this recount.

5. For the purposes of the examination referred to in subsection 1, the representative assembly shall also be empowered to open the sealed packets referred to in section N 2. The mayor who has the

relevant packets in his possession shall have them taken immediately to the representative assembly at its request. Once the examination has been completed, the documents from the opened packets shall be repacked and sealed as prescribed in section N 2.

Section V 5

An invalid poll in one or more polling stations or provinces or any error in the determination of an election result shall not prevent the admission of members whose election cannot have been affected by the invalidity or error or, in the event of an invalid poll, cannot be affected by a new poll.

Section V 6

1. If the assembly to which an appointment has been made decides not to admit one or more persons on account of an invalid poll in one or more polling stations or provinces, the presiding officer shall immediately notify Our Minister of the Interior and Kingdom Relations in the case of an election to the House of Representatives or Senate, the provincial executive in the case of an election to a provincial council, and the municipal executive in the case of an election to a municipal council.

2. A new poll shall be held no later than the thirtieth day after this notification has been received, in the polling stations or provinces referred to in subsection 1, and the result of the election shall be determined anew. The date of the vote shall be determined by Our Minister of the Interior and Kingdom Relations in the case of an election to the House of Representatives or Senate, by the provincial executive in the case of an election to a provincial council, and by the municipal executive in the case of an election to a municipal council.

3. During this determination, a person who has already been admitted as a member shall remain elected, even if it proves that the election was incorrect. The candidate who would have been elected if the person admitted had not been declared elected shall then drop out.

Section V 7

1. The persons qualified to take part in a new poll as referred to in section V 6, subsection 2 shall be those whose names appear on the valid voting passes, voter's passes, certificates of authorisation (where a person issuing an authorisation is concerned), and postal vote certificates that were submitted in the poll that was declared invalid, with the exception of persons who, it becomes clear after the poll that was declared invalid, should not have been registered to vote.

2. If the poll referred to in section V 6, subsection 2 concerns all polling stations in a municipality, the persons qualified to take part in the new poll shall be those who, in respect of the poll that was declared invalid:

a. were rightly registered to vote or wrongly not registered to vote in the municipality, with the exception of persons:

- to whom a voter's pass was issued that was not submitted in the poll that was declared invalid in the municipality;

- for whom a certificate of authorisation was issued that was not submitted in the poll that was declared invalid in the municipality; or

- to whom a postal vote certificate was issued;

b. were rightly registered to vote in another municipality and appear on the valid voter's passes or certificates of authorisation (where a person issuing an authorisation is concerned) submitted in the poll that was declared invalid in the municipality.

3. Subsection 2 does not apply to postal vote polling stations.

Section V 8

If the assembly to which the appointment has been made decides not to admit as a member one or more of the appointees because the result of the election was determined incorrectly, the presiding officer shall immediately notify the central electoral committee accordingly.

Section V 9

1. The central electoral committee shall hold a public meeting no later than the fourteenth day after receipt of the notification referred to in section V 8, and, having regard to the decision referred to in section V 8, shall determine the result of the election anew if necessary and announce it at the meeting.

2. Sections P 20 and P 22 to P 24 apply *mutatis mutandis*.

3. The examination of the credentials of the person thus newly declared elected shall not extend to points involving the conduct of the election.

Section V 10

If the assembly to which an appointment has been made has decided not to admit the appointee as a member because he does not fulfil the requirements for membership or holds a position incompatible with membership, or because the declaration of appointment by the chairperson of the central electoral committee contravenes the provisions of Chapter W, the presiding officer of the assembly shall immediately notify the chairperson of the central electoral committee accordingly.

Section V 11

The membership of a person appointed as a member of a representative assembly shall commence as soon as he has been notified of the decision on his admission.

§ 2. Special provisions governing the commencement of membership of a provincial or municipal council

Section V 12

A decision on the admission of persons appointed to be members of a provincial council or a municipal council shall be taken immediately.

Section V 13

1. Written notice of every decision relating to the admission of a person appointed to be a member of a provincial or municipal council shall be given by the presiding officer of the provincial or municipal council respectively to the appointee.

2. A person who has not been admitted shall be notified of the reasons for the decision.

3. Subsection 1 applies *mutatis mutandis* if no decision has been taken by the provincial council or the municipal council because of repeated tied votes or a tied vote at a plenary meeting on a resolution concerning admission.

Section V 14 [Repealed on 7 March 2002]

Section V 15

1. If, by the time the members of a provincial or municipal council have to retire in rotation, approval of the credentials of over half of the statutory number of members has not become final, the members of the provincial or municipal council shall remain in office until this has been done. During this period the members elected in the election shall not carry out their duties.

2. A place which falls vacant after the periodic retirement shall be filled in the same way as if it had fallen vacant previously.

Section V 16 [Repealed on 7 March 2002]

CHAPTER W. Replacement

Section W 1

1. If a vacancy must be filled other than pursuant to the determination of an election result, the chairperson of the central electoral committee shall declare in a reasoned decision, no later than the fourteenth day after the vacancy has come to his attention, the appointment of the eligible candidate who was placed highest in the order referred to in section P 19 or section U 15, subsection 2 on the list containing the person who must be replaced. If the member whose place must be filled ceased to hold office with effect from a particular date, the time limit referred to in the first sentence shall start on that date.

2. If a place which was filled by the application of section P 16, subsection 2, falls vacant, the chairperson of the central electoral committee shall declare, notwithstanding subsection 1, the appointment of the eligible candidate on a list from which a seat was withheld pursuant to section P 16, subsection 2.
3. If the list referred to in subsection 1 forms part of a group of lists and candidates who appear on one or more lists or sets of identical lists of that group have obtained, on the joint lists on which they appear, a number of votes exceeding 25% of the electoral quota but have not been elected pursuant to section P 15, the chairperson of the central electoral committee shall declare, notwithstanding subsection 1, the appointment of whichever of these candidates obtained the highest number of votes.
4. In the case of the replacement of a member of a municipal council with fewer than nineteen seats, the figure taken into account for the purposes of subsection 3 shall be half of the electoral quota instead of 25% thereof.
5. If a vacancy occurs in respect of a place which had been filled pursuant to subsection 3, and subsection 3 may not be applied anew, the chairperson of the central electoral committee shall declare the appointment of the eligible candidate on a list from which a seat was withheld pursuant to subsection 3.
6. A model shall be established by ministerial order for the decision of the chairperson of the central electoral committee appointing a member of a representative assembly necessitated by:
 - a. the non-acceptance of an appointment by a candidate;
 - b. the non-admission of a candidate, or
 - c. the occurrence of a vacancy in the assembly.

Section W 2

1. For the purposes of section W 1, no account shall be taken of a candidate:
 - a. who has died;
 - b. who has been granted temporary termination of membership in connection with pregnancy, childbirth or illness;
 - c. whose vacancy is being filled;
 - d. who has been declared appointed to a vacancy but who has declared in writing that he does not accept the appointment or is deemed not to have accepted it, who has not filed the documents referred to in section V 3 in good time or who has not been admitted to the representative assembly by virtue of a decision;
 - e. who is a member of the representative assembly or has been declared appointed as such if no decision has yet been taken on his admission as a member, unless he has been appointed to fill a vacancy that has arisen in the circumstances referred to in division 3 of Chapter X;
 - f. from whom the chairperson of the central electoral committee has received a written declaration that he does not wish to be considered for the appointment;
 - g. who was a member of the representative assembly although it has come to the notice of the chairperson of the central electoral committee that the vacancy left by this candidate too must be filled;
 - h. who, in the case of an election to a provincial or municipal council, cannot be appointed pursuant to section 12 of the Provinces Act or section 11 of the Municipalities Act.
2. A declaration as referred to in subsection 1 (f) may be retracted.
3. A model for the declaration referred to in subsection 1 (f) shall be established by ministerial order.

Section W 3

1. If, following the application of the provisions of this chapter, there is no longer any candidate eligible for appointment on the list for which the person who must be replaced was elected and this list forms a group of lists or a combined list with one or more other lists, the seat shall pass to one of the other lists pursuant to section P 13 or section U 13. The candidate on this list who is eligible for appointment according to the order determined in accordance with section P 19 or section U 15 respectively shall be declared appointed. If there is no longer any candidate eligible for appointment

on this list either, the place shall be awarded to another list forming part of the group or combination by the further application of the provisions of this subsection, and so forth.

2. For the purposes of subsection 1, the first lists to be eligible shall be those which, together with the list in question, form a group of lists and thereafter the lists which have been merged with it to form a combined list.

Section W 4

1.
