### Combined lists

Two combined lists were formed.

Combined list	Votes	Seats
a Partij van de Arbeid (P.v.d.A.), SP (Socialistische Partij) en GROENLINKS	3.470,499	57
b ChristenUnie en Staatkundig Gereformeerde Partij (SGP)	491.366	8

Both list combinations are included in the allocation of seats, as each of the participating parties would also have obtained a seat, if no combined list had been formed.

It was also calculated what the allocation of seats would have looked like if no combined lists had been formed at all. In that case, GROENLINKS and the ChristenUnie would have been assigned one seat less, and the Partij van de Arbeid (P.v.d.A.) and the Partij voor de Dieren one seat more.

### Elected candidates

For each party, the candidates for whom a number of preference votes was cast that exceeds 25% of the electoral quota, thus at least 15.708 votes, were declared elected first.

At these elections, 28 candidates exceeded the preference threshold. One of these 28 candidates did not obtain a seat, because no seats were allocated to his/her party. This was Mr Poot from the Piratenpartij.

Among the 28 candidates who exceeded the preferential threshold and were elected, there was one person who was elected by breaking through the list order, Mr Omtzigt (original list position: 39) of the Christen Democratisch Appèl (CDA).

Below is an overview of the candidates of the various parties that were elected. The names of the candidates who attained the preferential threshold are marked with an asterisk.
